Q and A on Social Security

Each month, the Social Security Administration provides some common questions and answers that may apply to you or your family. If you have any questions you would like to be answered, call the Social Security Office at 1-800-772-1213.

I lost my Medicare card. How can I get a new one?

You can get one without leaving your home! Just go online to www.socialsecurity.gov/onlineservices and select "Request for Medicare Replacement Card," which is the first option on the page. You will then need to answer a few questions, and a new card will be mailed to your address in about 30 days. If you need proof of coverage sooner, you can also request a verification letter, which you will receive in the mail in about 10 days. If you do not have access to the Internet, you can ask for a replacement card by calling Social Security at 1-800-772-1213 (TTY 1-800-325-0778) or by visiting your local Social Security office.
